1. DEFINITIONS

As used herein, the following words, phrases, or terms in this Agreement shall have the following meanings:

- "Beta Software" means the actual copy of all or any portion of the beta version of ESRI computer programs delivered on any media, including, but not limited to, electronic delivery, inclusive of backups, updates, or merged copies permitted hereunder or subsequently supplied by ESRI, whether labeled alpha, beta, prerelease, preview, or otherwise.
- "Related Materials" means all of the printed materials, Beta Testing Program materials, user documentation, training documentation, sample data, mobility location services or information, and confidential software activation code supplied by ESRI under this Agreement.
- "Beta Testing Program" means the ESRI program to validate the performance, quality, and reliability of all aspects of ESRI software programs, including the documentation, by testing early releases of the ESRI software programs in a wide variety of application environments prior to final release that includes, but is not limited to, testing and reporting by authorized licensees.

2. RESERVATION OF OWNERSHIP AND GRANT OF LICENSE

ESRI and its third party licensors retain exclusive rights, title, and ownership of any beta copy of the Beta Software and Related Materials licensed under this Agreement. ESRI hereby grants to Licensee a personal, nonexclusive, nontransferable, royalty-free license to use the Beta Software and Related Materials at the authorized test sites solely for the purpose of testing the Beta Software and Related Materials as delivered, in accordance with the Beta Testing Program and the terms and conditions herein. ESRI grants to Licensee the right to participate in the Beta Testing Program upon approval by ESRI for any specific Beta Software testing in accordance with the terms of this Agreement. This grant of license is effective from the date of acceptance of this Beta Site Agreement. With respect to any specific Beta Software to be tested under this Agreement, ESRI grants the right to use the specific Beta Software and Related Materials from the date of receipt of any version of the Beta Software and Related Materials until the date of the commercial release of the Software and Related Materials from ESRI Customer Service or the date of termination of the Beta Testing Program for the specific Beta Software, whichever is sooner.

ESRI is authorized to redistribute and license third party software and data components delivered with the Beta Software and Related Materials. Such third party licensor(s) shall be deemed a third party beneficiary and shall have the right to enforce this Agreement to the extent permitted by applicable law.

During the term of the Agreement, ESRI reserves the right to supplement and/or addend additional license provisions for new software releases as they become available.

3. PROPRIETARY RIGHTS AND RESTRICTIONS ON USE

The Beta Software and Related Materials delivered are proprietary to ESRI and contain trade secrets, inclusive of unpublished specifications. In consideration of the rights granted herein, Licensee agrees to retain all Beta Software, Related Materials, and information delivered or provided to it in confidence, including, but not limited to, the broadcast of information about the Beta Software via blogs, Web sites, and other publicly accessible media. All rights, title, and ownership in patents, trademarks, copyrights, trade secrets, know-how, or any other proprietary rights in the Beta Software and Related Materials remains exclusively with ESRI.

Licensee shall not sell, transfer, lease, lend, assign, time-share, sublicense, publish, disclose, display, or otherwise make available the Beta Software and Related Materials in any form, including, but not limited to, flowcharts, logic diagrams, executable code, object code, source code, or technical documentation, to any other person or entity without the written permission of an authorized ESRI representative. Licensee shall secure and protect the Beta Software and Related Materials in the same manner and to the same degree it protects its own proprietary information, using no less than a reasonable standard of care. Licensee shall allow access to the Beta Software and Related Materials only for those persons within its organization who have a need to know for purposes of the Beta Testing Program and agrees to instruct the employees of their obligations hereunder. Licensee shall not decompile or reverse engineer the Beta Software. Licensee shall not make any modifications or derivative works to the Beta Software and Related Materials. Unless the Beta Software is intended for Intranet or Internet use as described in the Related Materials or Beta Testing Program, Licensee shall not install the Beta Software on any computer network or communication network (including any Intranet or Internet server) without the express written consent of ESRI. Licensee will maintain all results of testing in confidence and agrees not to disclose to any third party details pertaining to the Beta Testing Program, Beta Software, Related Materials, test results, Beta Software errors encountered, or access to password-protected online Beta Testing Program resources and discussion forums.

Should Licensee fail to comply with the terms and conditions of this Beta Site Agreement, then the Agreement shall terminate pursuant to Section 7, and the applicable license fees for the Software and Related Materials will be due, and Licensee's use of the Software and Related Materials shall be subject to the then-current ESRI License Agreement (E204/E300) available at www.esri.com/legal.

The Beta Software and Related Materials are owned by ESRI and are protected by United States copyright laws and applicable international treaties and/or conventions.

5. BETA TESTING

At the sole discretion of ESRI, ESRI reserves the right to determine which Beta Software and Related Materials, subsequent interim beta release(s), and/or patch(es) will be made available to Licensee to test during the term of the Agreement. Licensee shall use the Beta Software and Related Materials only for evaluation and testing of the Beta Software's applicability, usability, performance, and design, and to enable Licensee to complete its evaluation and reporting activities as may be required by the Beta Testing Program.

Licensee agrees to comply with the requirements of the Beta Testing Program and will complete and forward documentation of its testing program at the request of ESRI, if applicable. Licensee agrees that ESRI may freely use, disclose, reproduce, license, distribute and otherwise incorporate into commercial releases of ESRI Software any documentation or feedback, whether oral or written, provided to ESRI by Licensee with respect to the Beta Software.

Licensee shall advise ESRI immediately of any changes to the information contained in its Beta Site Application, if applicable. Licensee shall be given access to a password-protected Internet site for user support services. Standard user support service is not available until the Beta Software and Related Materials are commercially released.

The beta testing for any specific Beta Software may be terminated as stated in Section 7. In such event, Licensee shall comply with the termination provision in Section 7 and provide to ESRI a summary of test results and Beta Software errors encountered.

6. WARRANTY AND LIMITATION OF LIABILITY

THIS BETA SOFTWARE AND RELATED MATERIALS ARE PROVIDED TO LICENSEE "AS IS" AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF PERFORMANCE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. LICENSEE BEARS ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE BETA SOFTWARE AND RELATED MATERIALS.

No guarantee is made that the commercial release of this Beta Software and Related Materials will contain the same or similar functionality. ESRI reserves the right to make any change it deems necessary or desirable to the Beta Software and Related Materials, including, but not limited to, changes that make prior data storage methods unreadable or macro language routines inoperable.

ESRI SHALL NOT BE LIABLE FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RELATED TO OR ARISING FROM LICENSEE'S USE OF THE BETA SOFTWARE AND RELATED MATERIALS, EVEN IF ESRI IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

7. TERM AND TERMINATION

The term of the Agreement is for the duration of the Beta Testing Program, as indicated on the ESRI beta Web site. Either party may terminate this Agreement by written notice to the other. The provisions of Sections 3, 4, 6, and 8 shall survive any termination of this Agreement.

The beta testing for any specific Beta Software may be discontinued at any time for any reason upon the receipt of written notice by either party. Upon notice by ESRI that the beta testing for the identified Beta Software and Related Materials is complete or terminated, Licensee shall delete all versions of the Beta Software and Related Materials provided under this Agreement from its computer system(s) or network(s), and destroy any remaining Beta Software and Related Materials. Licensee shall then certify in writing to ESRI that the above steps have been taken. The Beta Software may also time out preventing further use of the Beta Software, at which point the beta testing shall be deemed terminated and Licensee shall comply with this provision.

The Beta Site Agreement shall not apply to commercial release(s) of the ESRI Software and Related Materials. Licensee may license commercial release(s) of the ESRI Software and Related Materials under the applicable ESRI software license agreement.

8.3 Waivers. No failure or delay by ESRI or its licensor(s) in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by ESRI or its licensor(s).

8.4 Export. Licensee expressly acknowledges and agrees that Licensee shall not export, reexport, transfer, or release the Beta Software and Related Materials, in whole or in part, to (i) any U.S. embargoed country (or to a national or resident of any U.S. embargoed country); (ii) any person on the U.S. Treasury Department's list of Specially Designated Nationals; (iii) any person or entity on the U.S. Commerce Department's Denied Persons List or Entity List; or (iv) any person or entity where such export, reexport, or provision violates any U.S. export control law or regulation.

If the performance of this Agreement is delayed or prevented by reason of fire, flood, earthquake, explosion, or other casualty or accident, strikes or labor disputes, inability to procure or obtain delivery of parts, supplies or power, acts of war, terrorism, or other violence, any law, order, proclamation, regulation, ordinance, demand or requirement of any governmental agency, or any act or condition whatsoever beyond the reasonable control of the affected party, the party

so affected, upon giving prompt notice to the other party, shall be excused from such performance to the extent of such delay or prevention.

8.6 Special Program Terms. If Licensee is an authorized participant in any mobility framework location beta program(s) offered by ESRI, Licensee shall have in place with any third party provider of location services or information all applicable written agreements protecting the privacy of individual mobile device status and usage of the services or information. Licensee shall comply fully with the terms of such agreement(s) and shall only use the location services or information delivered hereunder in furtherance of the objectives of this Agreement and in accordance with the terms of this Agreement.
