## MapObjects IMS 2.0 on PC-Intel Windows 95

<i>Product:</i>	MapObjects IMS 2.0
<i>Platform:</i>	PC-Intel
<i>Operating System:</i>	Windows 95
<i>Shipping/Release Date:</i>	July 21, 1998

## Hardware Requirements

---

### **CPU Speed:**

90 MHz\*

\*Minimum requirement.

### **Processor:**

Pentium Class Processor

### **Memory/RAM:**

### **Disk Space:**

7 MB

### **Notes:**

VGA or higher resolution monitor (Graphics card required)

## Limitations

---

**Product:** At the time of release, MapObjects IMS 2.0 was supported on Windows 95, 98, NT 3.51 and NT 4.0. However, due to the Microsoft support cycle, Windows 95 and NT 3.51 are no

longer supported. Refer to Microsoft support pages for OS lifecycle support status:

[http://support.microsoft.com/default.aspx?scid=fh;\[In\];LifeWin](http://support.microsoft.com/default.aspx?scid=fh;[In];LifeWin)

## **Related Materials**

---

**Platform:** \*Refer to product documentation for server and browser configuration information.

## MapObjects IMS 2.0 on PC-Intel Windows 98

<i>Product:</i>	MapObjects IMS 2.0
<i>Platform:</i>	PC-Intel
<i>Operating System:</i>	Windows 98
<i>Shipping/Release Date:</i>	July 21, 1998

### Hardware Requirements

---

**CPU Speed:**

90 MHz\*

\*Minimum requirement.

**Processor:**

Pentium Class Processor

**Memory/RAM:****Disk Space:**

7 MB

**Notes:**

VGA or higher resolution monitor (Graphics card required)

### Limitations

---

**Product:** At the time of release, MapObjects IMS 2.0 was supported on Windows 95, 98, NT 3.51 and NT 4.0. However, due to the Microsoft support cycle, Windows 95 and NT 3.51 are no longer supported. Refer to Microsoft support pages for OS lifecycle support status:
