ArcIMS Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to ESRI users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our Product Life Cycle Support Policy

Notes:
- The ArcIMS extensions carry the same Product Life Cycle as the main ArcIMS product unless noted otherwise.
- All service packs, patches, and hot fixes available for a particular version have the same support status as the version they address.
- Dates listed in a support column provide the date on which the product entered that support level.
